

Name:

Date:

Block:

People of the Scientific Revolution

Directions: Read the information about each important person from the Scientific Revolution. Fill out the chart below. This follows the same format as the people section of your previous vocabulary packets, with the addition of a section about the person's contribution to science. The first section should explain who the person was and why they are important to history. In the head, include an illustration or a quote to help you remember the person and why they are important. The last section should list a SPECIFIC contribution to the overall field of Science.

Nicolaus Copernicus

Contribution To Science:

Galileo Galilei

Contribution To Science:

Sir Isaac Newton

Contribution To Science:

Francis Bacon

Contribution To Science:

Name:

Date:

Block:
